Player profile:	<p>Alex is a left footed player who plays on the right wing but can operate on the left side or as a number 10. He is very good at coming inside on his left foot to shoot or link with other players. He can also go down the line and cross with his right foot. Alex is a tricky winger who uses a lot of skill moves, he is very good at dribbling and driving forward with the ball, he is fast, a good finisher and a very good passer. He also has a very good attitude and is very good in dead ball situations such as free kicks and corners. A very dedicated player who goes the extra mile to improve himself, doing at least 5 individual technical sessions a week on top of team training as well as 3-4 gym sessions. He has just spent some time with ashton united first team gaining valuable men's football experience which has massively developed his game in a positive way. All the clips shown are playing in left back from his scholarship at FC Halifax Town due to the other left back being injured however he is now back playing on the wing and can get more clips of that in the future. The clips show good dribbling ability, good crossing, driving forward and always looking to play forward but also recognising when it is not on to.</p>
