Player profile:	<p>I'm a central midfielder with attacking-mindedness, and with a preference of positional play. The game of position for me is how I place myself in relation to the others on the field when we have the ball, and where I should be, if we lose it. For this playing style you should be intelligent, you have to keep your mind fresh, and train it at least as much as your body. I think in CM position you have to be in contact with your teammates, and deal with everything, that happens on the pitch. A very important skill for me the speed of reaction, which helps me to gather the second balls. I prefer mostly the deep-lying midfielder role like a playmaker. I feel more comfortable when I can be in front of the opponent's goal area and put passes forward. Although, during my career thanks to my attacking-mindedness I often played in '10 position, behind the strikers.</p>
Achievements:	<p>With team Dorog FC we reached the 3. place in the league, therefore the team could start the next year in 2nd league. Won the championship and the team went above to the 1st league.</p>
Other information:	<p>Selected to the Hungarien National Development Squad (under-19), played in two tournaments, 6 games.</p>
